Date of Birth: 24.05.1984 in Qom

Nationality: Iranian

Marital status: Single

PERSONAL STATEMENT

Despite obtaining high achievements during my studies in Agricultural Engineering, I am determined to follow my dream job as a programmer. I obtained a solid foundation of information technology as well as good programing skills during my studies in Payam Noor University, Kashan, Iran. After completing my PhD in a different area, I completed a PHP Developer course to take a step forward towards what I hope to do as a job for the rest of my life. Now, I am searching for a position as a junior fullstack developer in a professional team to challenge myself and to continue learning.

WORK EXPERIENCE

Nov 2017 – Mar 2021	Research Scientist - Leibniz Institute for Agricultural Engineering and Bioeconomy (ATB), Potsdam, Germany
